Attention: Dowsil Customer

Re: ***Dowsil™ 795 Silicone Building Sealant***

Thank you for your inquiry regarding the above referenced products and its LEED information.

Products listed above are manufactured at the following plants and locations:

- Dowsil™ 795 is manufactured at Dow Jincheon Plant, Jincheon-gun, Chingbuk, South Korea.
- Locations of extraction for its raw material are spread throughout the states that it's impossible to single point the locations.
- Dowsil™ 795 contains 0% pre & post-consumer recycled materials.
- Rapidly renewable content is not applicable.
- Dowsil™ 795 doesn't contain Urea Formaldehyde.
- VOC content 32g/L ( based on SCAQMD rule 1168), LEED VOC limit 100g/L ( IEQc 4.1)

If we can help further or have not met your needs, please respond to this email, call, or have us call you.

Please feel free to contact me should you have any further questions.

Sincerely,

THE DOW CHEMICAL COMPANY
